Cherrios by: Billie Collins

One bright morning in a restaurant in Chicago
as I waited for my eggs and toast,
I opened the Tribune only to discover
that I was the same age as Cheerios.

Indeed, I was a few months older than Cheerios
for today, the newspaper announced
was the seventieth birthday of Cheerios
whereas mine has occurred earlier in the year.

Already I could hear them whispering
behind my stooped and threadbare back,
Why that dude's older than Cheerios
the way they used to say.

Why that's as old as the hills,
only the hills are much older than Cheerios
or any American breakfast cereal,
and more noble and enduring are the hills,

I surmised as a bar of sunlight illuminated my orange juice.

Meet Sincere Moore, Housekeeping Dept.

My name is Sincere Moore I'm originally from Newark, New Jersey I also got a chance to live in Savannah, Georgia for 4 years and then we found our way back to New Jersey. I have four sisters and two brothers that I am very overprotective over, due to the fact that I am the oldest so I have no choice. I love sports with a passion especially football. I Started For 3 Years for varsity In High School Playing Wide Receiver, Corner Back, and Strong Safety as well. I love listening to music on the daily, I workout everyday, and I like go on runs when the sun is shining. I am huge on self love and caring for yourself in general because that's what's going to keep everyone smiling at the end. I just moved to State College and it's already been a year, I can tell it's a big difference from where I come from but only in good ways. I am currently in my first year of college getting my IT degree (Informational Technology) so it's going to be a journey for me while I'm here. I really do appreciate everyone here especially the ones that smile. I'm excited to meet all of you guys!!!!!!

RECYCLING ROUNDUP

While my recycling emphasis is almost always on the variety of items that residents can recycle in the apartment buildings' recycling/trash rooms and cottages, this month's recycling emphasis will be on one type only: paper. Just what kind of paper qualifies to be recycled in The Village?

Newspapers Magazines Office Paper
Printed Copy Paper

Mail – First Class, Third Class, Bulk Rate.
Stationery, including envelopes with or without a postage stamp and with or without a window.
Brochures, advertising cards and booklets. Egg cartons, most frequently they are a dull grey color. (No Styrofoam egg cartons.) Manila folders. Scratch paper/pads, including backing. Paper bags. Many food product packages, as long as they do not have any food residue on them, and various product packages. Paper forms. Shredded paper in a clear plastic bag. Greeting cards and wrapping paper.

Last but not least: Post-It notes.
I think this list contains 99% of the paper recyclables. However, if you know what's in the last one percent, drop me line.

Make it a habit!
